

a seriousfun camp

In Memoriam: Dr. Samuel B. Ross Jr.

Sam Ross (1928-2018) –Sam “Rollo” Ross’ legacy continues at Camp through his many contributions as a Founding Board Member and his long-standing, selfless devotion to our mission. He will be deeply missed.

From The Hole in the Wall Gang Camp’s beginning, Founder Paul Newman inspired other hands and hearts to make his dream their own in pursuit of providing “a different kind of healing” to seriously ill children. Sam “Rollo” Ross answered that call, lending his expertise in residential programming for children, which helped shape Camp’s programming. We are grateful for his endless passion for Hole in the Wall, which stemmed from his love of children and his conviction that a community of acceptance and understanding brings healing.
